

# Z28.. The Clever **DUST** Extractor

## Efficient, Affordable, High Capacity

Smart 'constant cleaning' flow through filters  
Baffle in top chamber evenly spreads airflow

Tough galvanised steel construction  
Including the Fan.15hp  
Reliable high energy efficiency IE3 motor  
28 filter socks > large 200mm diameter  
350 mm diameter waste inlet

Big waste storage 1.5 cube with  
quick 'pneumatic' seal & release.  
(Bin not included)

BIG 'Real world' Performance : Airflow 8,500 m3/hour at pressure 3,000 PA

Inverter control of  
fan speed.  
Match performance  
to demand .

**SAVE  
ENERGY**

Versatile -  
Site inside or outside

3714 mm H  
1150mm W  
2250mm L  
4070mm L  
(Including fan)
