

GEMINI – II A

Semi-Automatic Digital Double Head Cutting Machine Ø 400 mm

OZ MACHINE

Semi-automatic double head cutting machine with 400 mm saw blades GEMINI – II A is ideal for cutting aluminum, PVC and wood profiles in various angles and thickness.

GEMINI – II A provides rapid and automatic positioning with electro control on X axis and moving head positioning control with linear scale.

It is also provides manual positioning at any angles between -45° and $+45^{\circ}$.

Safety is a topmost priority for GEMINI – II A together with the horizontal and automatic clamps along with profile support unit which improve the cutting quality.

GEMINI – II A

Semi-Automatic Digital Double Head Cutting Machine \varnothing 400 mm

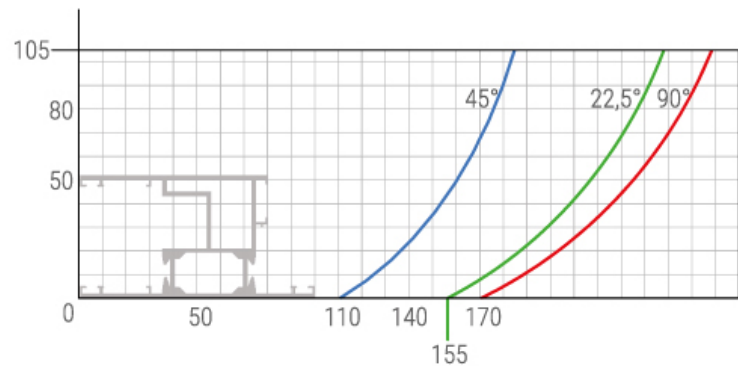

ÖZELLİKLER

Hydro-pneumatic cutting feed adjustment	●
Minimum cutting length with double head (90°/45°)	610 / 610 mm
Maximum cutting length with double head (90°/45°)	3480 / 3480 mm
X axis positioning speed	15 m/min
Manual control X axis	○
Electro control X axis	●
Moving head positioning control with lineer scale	●
Maximum internal rotation angle	45°
Maximum external rotation angle	-45°
Cemented carbide saw blade	2
Saw blade diameter	400 mm
Saw blade motor power	1.5 kW
Profile height measurement	○
Cutting zone protection covers	●
Horizontal pneumatic clamps	●
Vertical pneumatic clamps	●
Manual intermediate profile support	●
Intermediate profile support (pcs)	1
Cooling lubrication system	●
Saw blade travel speed adjustment	●
Control panel	Smart touchscreen control panel
Maximum profile loading length	4500 mm
Dust extractor	○

● Included

○ Optional
